**FAMILY, PASSION,  
COMMITMENT**

# HISTORY

After a long tradition in the production of high quality Cava, Joan Carol's passion and restlessness led him to open Cellers Carol Vallès in 1996. Thus, he decided to settle in the old farmhouse of Can Parellada, acquired by his grandparents more than 100 years ago.

With the support of Teresa Vallès, his wife, they began to market the two first cavas that they had made so dedicatedly: "Parellada i Faura", that bears the surnames of Joan's mother and "Guillem Carol", which bears the name of their son.

# WINERY

**Past and future. Tradition and innovation.** The family commitment to the traditional method of elaboration, the special blends and the long aging in caves, led to these unique sparkling wines to get several national and international recognitions over the years.

Currently, the second generation has taken the lead in the winery direction, with the same concern, passion and values that makes this project distinctive with a strong commitment to the environment and sustainability, to the wine quality, and the customer satisfaction.

# THE WINES

At Carol Vallès we work on limited productions. We are not interested on doing high volume, but we produce **singular wines** that we treat with care and respect.

Also, we put special awarness to work every day on getting a better sustainability duringall the elaboration process at the vineyard and wine cellar.

We create wines with soul. Behind our long-aged cavas there is a **history, a territory and people** that make them unique.
