FAMILY TRADITION

MASTER VINEGAR MAKERS SINCE 1908

We are a century-old family-run company, located in Mollerussa (Lleida), fully devoted in body and soul to making artisan vinegars of the highest quality.

We love what we do and that is why we do it with a smile.

5 GENERACIONS OF BADIA

Since our great great grandfather founded the company over 110 years ago, already five generations have continued the tradition of making this great product, and far from going stale, we are experiencing good times.
